

## ICE ECO DISC COMPACT O

The ICE Eco Disc Compact O is the ideal machine to achieve perfect results, everywhere. This machine is ideal for cleaning of stairs, small spaces and edge finishing.

The orbital motion generates a constant orbit, causing numerous passages over the same surface area and the hinged handle facilitates all rotations even up to 180° sideways and 90° backwards.

Specification	Detail
Oscillating speed	3,300 rpm
Cable length	15 m
Brush pressure	10 Kg
Power	230 V
Working width	18 cm
Weight	10 Kg
Machine base dimensions (L x W x H)	27 x 11.5 x 13 cm
Handle extension	97 - 135 cm
