

SERVICE THROUGH INNOVATION

ICE MTECH 50

The ICE MTech 50 is a sturdy scrubbing machine built with the best components and a striking design.

The operator is at the centre of a high-tech universe, where everything is easy, intuitive and dynamic thanks to the touch screen control panel.

All functions and activities are managed from a single interface, where a mere touch of the finger offers access to an extraordinary choice of customisable features to satisfy all types of requirements with extreme simplicity.

The MTech 50 is available in a disc, cylindrical and orbital version.

Refined engineering combined with high quality materials has led to a model built to last, reliable and able to reduce the total cost of ownership.
