

ICE STEAM GR8888

The ICE Steam GR8888 is a completely self-contained chewing gum removal system available in either 110 volt or 240 volt, and incorporating a 8 bar pressure steam boiler with an integral chemical delivery system.

It comes as a complete unit comprising of a dual voltage generator, steam machine, trolley & storage. The trolley is made from a durable powder coated steel construction.

The system features a continuous fill boiler allowing refill at any time during operation. Ideally suited for external large areas of chewing gum removal.

Specification	Detail
Fresh water capacity	5 Ltr
Dirty water capacity	5 Ltr
Pressure	8 mbar
Boiler	3,000 W
Cable length	4 m
Dimensions (L x W x H)	116 x 66 x 100 cm
Weight	125 Kg
