

## ICE STEAM + VAC 8

The ICE Steam + Vac 8 is a commercial/ industrial 8 bar pressure steam cleaning machine incorporating a chemical delivery system. It is made from a stainless-steel construction, featuring a continuous fill boiler system allowing refill at any time during operation.

The ICE Steam + Vac 8 comes complete with an integral vacuum system that has been awarded a Clean Show Innovation Award for its unique design.

High temperature steam penetrates deep into surfaces, sanitising and killing bacteria in a wide variety of commercial environments, and the integral vacuum ensures surfaces are left clean and dry.

Specification	Detail
Fresh water capacity	5 Ltr
Dirty water capacity	12 Ltr
Pressure	8 mbar
Boiler	3,000 W
Cable length	10 m
Dimensions (L x W x H)	74 x 50 x 50 cm
Weight	35 Kg
