

ICE WASH BOWSER B

The ICE Wash Bowser B is a zero emission and zero pollution portable pressure washer powered by two 100 amp batteries which drive a 24v DC electric motor.

Charge time 10 hours from full discharge (26 amp charger). DC Motors are 95% efficient. Petrol and diesel 20% efficient.

Provides up to 15 minutes of cleaning away from a water source with a maximum 2 hours constant use.

Specification	ICE Wash
Working pressure	70 - 100 bar
Water flow	11 Ltr / Min
Power	24 V
Noise level	68 dBa
Fuel tank capacity	-
Water tank capacity	150 Ltr
Weight (empty)	136 Kg
Dimensions (L x W x H)	117x66x81cm
