

ICE Urban 240

Far more efficient than traditional manual cleaning tools, ICE Urban 240 allows you to vacuum any type of waste from cigarette butts & water bottles, to dog excrements while being able to reach even the most hidden and difficult corners.

ICE Urban 240 is equipped with four wheels of equal size on both front and rear, making the machine very stable on any type of surface, even uneven or grassy areas. It can also climb up or down pavements of 20cm height safety, and overcome slopes greater than 20% grade.

ICE Urban 240 Max is equipped with a mechanical arm to support the weight of the suction tube and keep it extended in a straight line which facilitates the suction of larger items.

Specification	Detail
Hopper capacity	240 ltr
Dimensions	183.5 x 97.5 x 182.5 cm
Run time	10 hrs
Max speed	6 km/hr
Noise level	68 dBA
Battery	320 (274) Ah/5
Max gradient	20%
