

# ICE BBV

The ICE BBV is a powerful backpack vacuum cleaner for commercial and industrial environments that require powerful suction, mobility, and ergonomic design.

Designed for easy cleaning in large spaces, the BBV is ideal for offices, hotels, and warehouses. With a lightweight build and advanced filtration system, it ensures superior cleaning without the hassle of traditional vacuums.

It's superior Lithium-Ion battery drastically enhances run-time.

The ICE BBV has a HEPA filtration system, a large filter bag capacity, and is perfect for use in hard-to-reach areas.

Specification	Detail
Voltage	36 V
Battery	2 x 18 V
Run time	55 mins
Recharging time	60 mins
Sound pressure level	67 dBA
Weight (without battery)	9.89 kg
Weight (with battery)	11.08 kg
Dimensions (L x W x H)	49.6 x 26 x 21.6 cm
