

ICE R Scrub 100 DARE

The ICE R Scrub 100 DARE is industrial in performance and innovative in design and size.

This machine is suitable for industrial cleaning of medium to large size working environments in the commercial or industrial sector.

With a productivity rate of up to 8,000 square metres per hour this machine is extremely effective and economical.

Equipped with on-board water recycling, the machine saves up to 70% water and increases productivity due to reduced filling of the tank.

It is also available as a Cylindrical machine.

Specification	Detail
Working width	100 cm
Squeegee width	130.5 cm
Run time	4 hours
Brush pressure	150 kg
Productivity	8,000 m ² /hr
Solution tank capacity	230 litres
Recovery tank capacity	240 litres
Weight	1,216 kg
Dimensions (L x H x W)	191.7 x 173 x 109.5 cm
