

SERVICE THROUGH INNOVATION

## ICE SCRUB 55 & 65

The ICE Scrub 55 is a battery powered pedestrian scrubber dryer with an automatic traction, and a 55 cm working width.

It has a good productivity rate combined with excellent cleaning performance in a compact and manoeuvrable machine.

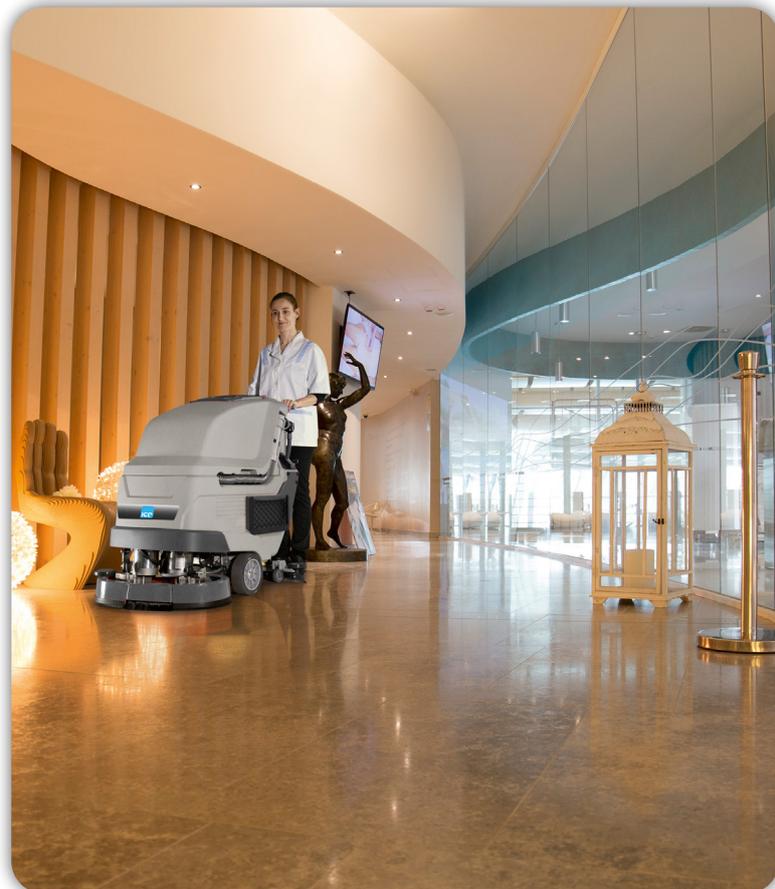

The brush head, squeegee attachment and frame made of die-cast aluminium make the machine robust and reliable, as well as lightweight and comfortable both during transportation and operation.

The ICE Scrub 65 D is a battery powered walk behind scrubber dryer with automatic traction and a 65 cm working width.

It has a high productivity rate combined with excellent cleaning performance, in a compact and manoeuvrable machine.

The brush head, squeegee attachment and frame made of die-cast aluminium make the machine robust and reliable, as well as lightweight and comfortable both during transportation and operation.
