

# STEALTH

Stealth is a compact autonomous machine that scrubs, dries, and vacuums and transitions effortlessly between floor types.

It has multiple sensors for obstacle and drop avoidance.

Stealth comes with a docking station for automatic emptying, charging, and re-filling.

Real-time notifications and reports on cleaning performance are available via the mobile App.

## 3-IN-1

Vacuums, scrubs and dries.

## SAFE & SECURE

Comprehensive safety features include multi-sensor collision avoidance, pedestrian safety measures, and remote monitoring.

## WORKS INDEPENDENTLY

Smart scheduling, adaptive cleaning modes, dual wet/dry functionality, and an all-in-one base station for charging, water management, and hygiene.

## HIGH COVERAGE AND EFFICIENCY

Enhanced edge cleaning, high passability in tight spaces, and a wide 39 cm mop for maximum efficiency.

Specification	Stealth
Dimensions (L x W x H)	52 x 51 x 28 cm
Cleaning Width	39 cm
Run Time	4 hours
Charge Time	2 hours
Dust Box Capacity	1.3 litres
Tank Capacity	4 litres clean water / 3.5 litres dirty water
Weight	17.5 kg
Maximum Speed	0.4 - 0.6 m/s
Productivity	300-700 m <sup>2</sup> /h
